Subject: Fw: WDNR Sites with Limited or no Documented Contamination

Bob,

I was in the FY09 end-of-year meeting with WDNR yesterday. Among other things, we discussed specifically about what we will plan to do in the near future for the facilities identified in the attachment. We will plan to meet with Mark sometime soon for 2010 planning purpose. As you noticed in his e-mail, I want you to look into the PA/VSI info from our file system to see whether we have copies of PA/VSI or not. After you check that out we need to plan for a meeting with Mark.

Let me know your findings.

Thanks, Hak

Subject: WDNR Sites with Limited or no Documented Contamination

Hi Hak. Here is the next installment of WDNR sites that would potentially qualify for a CA 725 and/or CA 750. If you could check to see if you have PA/VSI's for those sites listed as "NA" that would be helpful. Also, let me know when you would be available to get together to go over the list and develop a strategy for the next 2 years. Thanks.

---Mark
